TRAINING

OBJECTIVES

The holder of the BAC PRO Carrossier peintre automobile is able to carry out:

- the diagnosis of deformations in an accidented vehicle;
- the replacement, repair of deteriorated elements;
- the inspection, analysis of structures and geometry;
- the preparation, carrying out of painting;
- the restoration of the vehicle to its original state;
- the finalisation of the intervention.

by respecting 3 imperatives:

- health/safety/environment: preserving people's health, ensuring their safety while preserving property and the environment;
- quality: contributing to the constant improvement of customer satisfaction by integrating a progress approach into all bodywork activities;
- technological watch: this involves keeping abreast of technical innovations, technological developments and the resulting repair methods.

PROGRAMME

The training is structured around skill blocks (BC):
